Additional Information:	<p>This program is available to all Year 2 students regardless of their swimming ability. The school water safety program develops water confidence and provides students with basic skills in water safety and survival.</p> <p>Our school has selected this shorter five-day survival swimming program as opposed to the ten-day learn to swim program as it provides the essential first layer in the protection and prevention against drowning. It is also a more manageable program for our school, due to staff shortages both at our school and within the NSW School Sport Office.</p> <p>Students should be encouraged to attend all five lessons to get the full benefit of the program. If your child is unable to attend any lessons due to illness or other unforeseen circumstance, please send an explanatory note to the class teacher.</p> <p>The school has been allocated two session times: 2M and 2P will attend the first session from 1:15pm to 2:00pm. 2H and 2W will attend the second session from 2:00pm to 2:45pm. Each lesson is for 45 minutes with our teachers in attendance for each session.</p> <p>Students will be assessed during the program for all water safety skills without wearing goggles.</p> <p>The School Water Safety program is free, however there is a fee of \$24 for pool entry. Multi season passes are no longer accepted.</p>
